FOR IMMEDIATE RELEASE: June 23, 2011

**SALEM COUNTY RECEIVES \$98,985 THROUGH THE  
AMERICAN RECOVERY AND REINVESTMENT ACT**

(SALEM, NJ)—Freeholder Bruce Bobbitt, Chair of the County Public Works Committee, today announced that the County is the recipient of \$98,985 through the American Recovery and Reinvestment Act. The funds, which were applied for last fall, will be utilized for heating, cooling, and electrical upgrades to the Fenwick and Administration buildings.

“The Freeholders are very pleased to receive this money, which will allow us to ensure that our energy and climate systems are environmentally friendly and cost efficient,” said Freeholder Bobbitt. “We are aggressive in ensuring that Salem County receives its fair share of grant funding. This grant program requires no-match to the County and will provide a direct savings to our tax payers.”

Carrier Company will install new rooftop heating and cooling units on the Fenwick Building. Additionally, motion activated light switches will be installed in the Fenwick and Administration Buildings. The County Complex will also receive an upgrade to the lighting system.

“Utilizing these grant funds will ensure that we save money over the years by effectively managing our energy consumption,” concluded Freeholder Bobbitt.
